NEW FROM ARCTIC: GEN 3 MONITOR ARMS AND THE ALL NEW W1C WALL MOUNT

Maximum stability and flexibility for ergonomic workstations.

ARCTIC presents the latest edition of its popular Z and Z Pro monitor arm series while also introducing the all new W1C wall mount. All products are available now in stores and in the ARCTIC Webshop.

The new Gen 3 models of the monitor mounts – Z1 (Gen 3), Z2 (Gen 3), Z1 Pro (Gen 3), Z2 Pro (Gen 3) and Z3 Pro (Gen 3) – are characterised by maximum load capacity, endless flexibility, a simple mounting system and high-quality manufacturing. With a new matte black finish and reworked cable management, the Gen 3 monitor arms differ both visually and functionally from their predecessors. All Gen 3 models have an easily accessible USB hub with four ports and are suitable for both large screens and ultrawide monitors. Extensions are available for the Z Pro Gen 3 series, which allow users to mount one or two additional monitors on top. In addition, the Pro models come with a Micro-USB power supply.

New Product: W1C Wall Mount with movable articulated arm

With the new W1C wall mount, ARCTIC extends its portfolio of mounts with a portable and space-saving solution. The W1C is compatible with screens up to 43 "(49" Ultrawide Monitors) wide and weighing up to 18 kg. The monitor wall mount is equipped with a retractable folding arm, making it easy to adjust for optimal viewing from all angles.

About ARCTIC

ARCTIC is a leading manufacturer of silent PC coolers and components and has initiated and sustainably influenced the trend towards quiet cooling systems. Besides a wide range of CPU and GPU coolers, ARCTIC offers high quality monitor mounts as well as an audio product line. The company, run by founder Magnus Huber, has locations in Germany, Hong Kong and the USA and convinces pc enthusiasts in over 45 countries with innovative and user-friendly products, high quality and fair prices. For more than 15 years ARCTIC stands for comfortable computing, excellent service and personal support.
