

FREEZER 33 TR – ARCTIC TOWER COOLER FOR AMD RYZEN™ THREADRIPPER™

If you are looking for an air cooler for the new AMD Ryzen™ Threadripper™ CPUs, make a find at ARCTIC as of now. The Freezer 33 TR is designed specifically for Threadripper and has been tested by AMD and approved for all versions of 8 to 16 cores.

The CPU cooler is based on the award-winning Freezer 33 and convinces with a recommended TDP up to 200 watts. The Freezer 33 TR comes in a new design and is equipped with the especially powerful and newly developed BioniX F120 fan. The extremely silent three-phase motor convinces, among other things, through a low coil temperature and cools the up to 180 Watt of the 1900X, 1950X and 1920X processors extremely efficiently.

Thanks to its cooling performance, the Freezer 33 TR is the ideal solution for PC enthusiasts looking for a tower CPU cooler at an unbeatable price-performance ratio.

Specifications

Spezifikationen

Heatpipes	Direct Touch Ø 6 mm x 4
Kühlkörper Material	Aluminium Finnen x 49, Dicke: 0,4 mm
Wärmeleitpaste	MX-4
Lüfter	120 mm, 200-1 800 RPM (PWM-gesteuert)
Lager	Hydrodynamisches Gleitlager
Geräuschpegel	0.5 Sone
Strom/Spannung	0.20 A/+12 V DC
Max. Kühlkapazität	320 Watt
Empfohlen für TDP bis zu	200 Watt
Maße	123 (L) x 89 (W) x 155 (H) mm
Gewicht	705 g
Multikompatibel	AMD Socket sTR4, SP3, AM4 Intel Socket 2066, 2011-3 (Square ILM only)

The Freezer 33 TR is now available in two different colour variants.

Compatibility of ARCTIC watercoolers

For the Ryzen Threadripper processors, the Liquid Freezers 240 and 360 have been confirmed as AMD Ryzen Threadripper compatible CPU coolers up to 180 W TDP and the Liquid Freezer 120 up to 140 W TDP.

All processors are delivered directly with a special mounting clip which allows simple and reliable application of the ARCTIC water coolers.

15 Years of Expertise

ARCTIC does not only play in the top league of the cooling specialists ever since, ARCTIC initiated the trend towards quiet cooling systems for desktop PCs and left a distinct mark. In 2001 the Swiss engineer and company founder Magnus Huber has determined to fight against loud computers – today, the still privately-owned company with locations in Germany, Hong Kong and the USA offers one of the world's largest ranges of CPU and GPU coolers. Maximum compatibility, first-class performance and lowest volume convince enthusiasts in over 45 countries around the globe. With the competence of an unique expert knowledge from 15 years of (pc) noise minimization ARCTIC is building out its portfolio through high-quality sound products and office equipment.
