

*Less Noise, More Sound*

*Energy  
in the Luggage!*

## Smart Charger 4800 Your perfect Travel Companion

Do you have the travel bug already? Holidays are a time to gather new energy. But while we're enjoying lying on the beach the smartphone quickly reaches its limit. With the Smart Charger 4800 the necessary energy for your gadgets is already travelling as luggage.

No matter how full your holiday suitcase is, the Smart Charger 4800 will surely find its place. The time has gone when a jumble of different power supplies and chargers for smartphone, tablet and digicam blocks the last space. The all-round charger from ARCTIC is compact and plugs in directly to the wall outlet.

With a total output of 4,800 mA, you can fast charge up to four gadgets at the same time with this little power unit. Because on vacation you indeed have time – but you don't want to spend it waiting. The intelligent smart charging technology detects the device and intelligently delivers its fastest possible charge speed. Every port speaks the language of Apple, Samsung, LG, Huawei, HTC, Blackberry, Nokia, Motorola, Sony and Lenovo and others brands. So it no longer matters which port you chose to charge your device.

A combination of three smartphones and a tablet can be charged simultaneously without overloading the IC charger.

Thanks to its thermal, short circuit, over-current and over-voltage protection the high speed charger is totally safe.

That way vacation becomes a great success also with iPhone and Co.

### QUICK FACTS Smart Charger 4800 Four Port 4,800 mA Fast Charger
