

Less Noise, More Sound

USB Car Charger 7200

3-Port Smart Car Charger

Reach your Destination Fully Charged

Power up to three USB devices simultaneously relaxed while driving – with the Car Charger 7200

Many of us spend more time behind the wheel than in their favorite chair at home. But no matter how long you are on the road or where you're going – the Car Charger 7200 ensures that you always arrive with a full battery.

Whether on the way to work or holiday – with the Car Charger 7200 smartphone, tablet, navi and co can be easily charged while driving. Simply plug in and unceremoniously the cigarette lighter changes in an ultra-practical multi-charger. With 7200 mA, enough energy is no problem to charge your devices more quickly than with conventional car chargers. Up to three tablets simultaneously are ready to go in no time. Thanks to smart charging technology you are perfectly equipped for all major brands from Apple to Samsung to HTC. The clever charger detects the device connected and provides an individually maximum charging speed.

A real power pack in mini format – despite multi-ports and high performance the charger takes little place and will not hinder you while changing gears. Thanks to sophisticated protection the Car Charger 7200 and all your devices can stay connected for as long as you want.

QUICK FACTS Car Charger 7200 3-Port USB Fast Charger for Cars

- 7,200 mA to fast charge 3 tablets at once
- Smart charging technology to ensure fast charging and high compatibility with all USB devices
- Current, voltage and temperature protection to safeguard your phone and the charger
